III. THE FEI CODE OF CONDUCT FOR THE WELFARE OF THE HORSE

The Fédération Equestre Internationale (FEI) expects all those involved in international equestrian sport to adhere to the FEI's Code of Conduct and to acknowledge and accept that at all times the welfare of the horse must be paramount and must never be subordinated to competitive or commercial influences.

1. At all stages during the preparation and training of competition horses, welfare must take precedence over all other demands. This includes good horse management, training methods, farriery and tack, and transportation.
2. Horses and Athletes must be fit, competent and in good health before they are allowed to compete. This encompasses medication use, surgical procedures that threaten welfare or safety, pregnancy in mares and the misuse of aids.
3. Events must not prejudice horse welfare. This involves paying careful attention to the competition areas, ground surfaces, weather conditions, stabling, site safety and fitness of the horse for onward travel after the event.
4. Every effort must be made to ensure that horses receive proper attention after they have competed and that they are treated humanely when their competition careers are over. This covers proper veterinary care, competition injuries, euthanasia and retirement.
5. The FEI urges all involved with the sport to attain the highest levels of education in their areas of expertise.

The Long version of this Code can be obtained from the Fédération Equestre Internationale, HM King Hussein I Building, Chemin de la Joliette 8, 1006 Lausanne, Switzerland. Telephone: +41 21 310 47 47. The Code is available in English. The Code is also available on the FEI's website: <http://inside.fei.org/>.

Selected Nations Cup, Grand Prix and FEI Jumping World Cup™ Competitions must meet the following specifications:

The Composition of the course includes:

- Minimum 12 and maximum 14 obstacles;
- Minimum one triple and one double combination (three doubles are not allowed);
- The triple combination must have at least one oxer and at least one one-stride distance either from A to B or from B to C;
- Two liverpool obstacles, one vertical and one spread. If the course includes a water jump, a minimum of one liverpool will be allowed;
- Approximately 50% of the efforts must be vertical obstacles and 50% must be spread obstacles (e.g. oxer, triple bar, Swedish oxer, narrow oxer etc.). Nevertheless, no more than 55% of the efforts may be vertical and no more than 60% of the efforts may be spread obstacles, including the water jump if there is one (NB: a water jump is compulsory in Nations Cup Competitions, refer to JRs Art. 264.3);
- Depth of cups for the top pole: minimum 50% of cups must have a depth of 18 mm, for special obstacle material cups may be shallower (refer to JRs Art. 208.6); depth of cups maximum 20 mm;
- A minimum course length of 400 meters with a minimum speed of 375m/min.

At least three of the following five obstacles must be included in the course:

- A set of planks on flat cups or a vertical of poles with a plank on flat cups as the top element;
- One triple bar;
- One wall;
- One narrow vertical or spread obstacle with frontal width between 2.50 to 3.00 m;
- One gate.

At least three of the following recommended criteria must be included in the course:

- Bend or straight line of up to six strides between two single obstacles;
- One line between two obstacles should be a forward line up to five strides;
- One bend or straight line up to seven strides with minimum three obstacles;
- Double combination in a bend or straight line with an obstacle before or after at maximum seven strides;
- A related distance bend or straight line of up to eight strides leading to the triple combination or up to seven strides following the triple combination;
- One of the combinations must have a related distance (maximum seven strides) with an obstacle (before or after the combination) in a straight line.

Dimensions of the obstacles:

	Comp. at 1.55 m	Comp. at 1.60 m
<i>The minimum height of obstacles is:</i>	1.45 m	1.50 m
<i>A minimum number of verticals with a height of at least:</i>	4 x 1.55 m	3 x 1.60 m
<i>A minimum number of spread obstacles (excl. triple bar) with a height/spread of at least:</i>	3 x 1.50/1.60 m	GP/WC: 3 x 1.53/1.60 m NC: 2 x 1.50/1.70 m

<i>Triple bar with minimum height/spread of:</i>	1.50/1.90 m	1.55/1.90 m

For Nations Cup Competitions at CSIO4 Events, the above requirements relating to the compulsory four verticals of 1.55 m and three spread obstacles (excl. triple bar) with a minimum height/spread of 1.50/1.60 m take precedence over the requirement established in JRs. For Nations Cup Competitions at CSIO5 Events, the above requirements relating to the compulsory three verticals of 1.60 m take precedence over the requirement established in JRs. Art. 264.3.1 to have two verticals of 1.60 m.*

Athletes wishing to school during speed competitions (Table A and Table C) must inform the OC before these competitions begin. These athletes will start first in these competitions.

4. STEWARDING

- If an athlete is uncertain as to whether the boots they intends to use during an event are allowed, they or their representative should show the boots to the Chief Steward for their opinion before the boots are used in training or in competition.
- In addition, athletes are to be made aware that hind boots must be removed and placed again on the horse's legs in the presence of a Steward while in the warm-up arena prior to entering the competition arena for certain competitions. (If bandages are used in place of boots, athletes are not required to remove the bandages in the warm-up arena.) This procedure is compulsory for competitions for which boot and bandage control is mandatory, that is the Nations Cup, Grand Prix, and the competition with the highest prize money, and is at the discretion of the Chief Steward for other competitions.
- As an alternative to carrying out this procedure at the time designated by the Steward an athlete may ask their groom to take the boots to the in-gate and place them on the horse's legs in front of the Steward prior to the combination entering the arena.
- The Steward has the authority to intervene if a boot is deemed excessively tight by instructing that the boot be removed and put on again correctly. *[Stewards are to note that it is normal for a horse's gait to be somewhat affected immediately after boots have been removed and re-placed.]* If an athlete or his/her groom refuses to remove and replace the boot(s) when instructed to do so by the Steward, a Yellow Warning Card will be issued to the athlete in question.
- If it is deemed impossible or unsafe to remove the hind boots in the warm-up arena prior to the combination entering the competition arena, due to an extremely excited or nervous horse, the boots of the horse in question are to be removed by the athlete/groom following the athlete's round upon leaving the arena and inspected by the Steward. This inspection may be carried out during the boot and bandage control if the boot and bandage control is carried out for the competition in question.
- This procedure does not replace boot and bandage control after completion of an athlete's round for competitions for which boot and bandage control is mandatory (refer to JRs Art. 244.1).

5. DISPUTES

In the event of any discussion concerning the interpretation of the schedule (in translated languages), the English version will be decisive.

In exceptional circumstances, together with the approval of Chefs d'Equipe, host NF delegate, if any, and the Ground Jury, the Organiser may change the schedule in order to clarify any matter arising from an omission or due to unforeseen circumstances. Any such changes must be notified to all athletes and officials as soon as possible and they must be reported to the FEI Secretary General by the Technical Delegate, the President of the Ground Jury or the Foreign Judge, as applicable.

In case of a tie for the 12th place in a competition with 12 to 48 starters, the prize money foreseen for the 12th place will be divided equally among the athletes concerned.

For Competitions run in two rounds with more than 12 starters in 2nd round:

OCs that indicate in the schedule that a specific number (that is more than 12) of athletes will return for the second round will be permitted to distribute the prize money for that competition among all the athletes taking part in the second round, even if the second round is followed by a jump-off in case of a tie on penalties for first place after the second round.

DEDUCTIONS FROM PRIZE MONEY AT COMPETITIONS:

Full details of any deductions from prize money must be outlined in the schedule. This includes government taxes. If it is necessary for Organisers to deduct such taxes, they must provide participants with an official form indicating the amount of tax deducted.

The tax form must be provided to the athletes upon arrival and returned to the Organiser prior to departing.

According to the relevant Dutch tax regulations CSI Twente must charge 9% or 21% VAT on all fees to be paid by the athletes. The athletes can apply for reimbursement of all VAT paid by filling out a form to request the refund. All athletes will receive an invoice at the end of the show on which the VAT has been specified. The form must be sent to: Belastingdienst / Limburg a.t.t. Foreign office P.O. Box 2865 6401 DJ Heerlen The Netherlands

IMPORTANT

The total amount of prize money shown for each Competition in the schedule must be distributed. (FEI General Regulations articles 127 and 128)

For details of the prize money breakdown for each competition please refer to the tables at the end of this document; the Organiser must specify which of the two (2) tables will be used. The total prize money for the Competition must be distributed among the first twelve (12) placed athletes.

The Organiser must provide additional created prizes for athletes placed beyond twelfth (12th) place. The minimum amount for each of these additional prizes, for athletes placed from thirteenth (13th) to last place, must be clearly specified in the approved schedule and not exceed the prize money of the athlete placed twelfth (12th)

9. MAXIMUM NUMBER OF STARTERS PER COMPETITION

***Annex VI FEI Jumping Rules:**

Maximum 100 starters per Competition other than the GP. If more than 100 starters are declared, the OC must split the Competition into the number of groups required to ensure that there are no more than 100 starters in any group, and provide the same amount of prize money as indicated for the original Competition for each group. The additional prize money provided by the OC is not taken into consideration with regard to the overall prize money that determines the star level of the Event or the Longines Ranking point group of the Competition, if applicable.

OCs may apply either of the following methods for splitting the Competition:

The competition is split into the number of groups required before it starts. There may be athletes with multiple horses in each group but all horses of any one athlete must be in the same group. If it is not possible to have groups of equal size there may be a different number of starters in each group;

OR

The competition is run as one single competition and split afterward into the number of groups required to ensure that there are no more than 100 starters in any group, and the classification established as follows: the athlete with the best score is the winner of the first group, the athlete with the second best score is the winner of the second group and so on until prizes have been allocated to 25% of the total number of starters. *NB: In this case separate results must be sent to the FEI for each of the groups, e.g. results for Competition 1a and for Competition 1b (and*

for Competition 1c if the original Competition was split into three groups, etc).

In both cases above each group must offer the same amount of prize money as indicated for the original Competition. For the avoidance of doubt, it is the number of declared starters in the Competition, not the final number of starters that determines whether the Competition must be split.

As all FEI World Cup™ Competitions have the status of a Grand Prix, the minimum prize money requirements for the Grand Prix are applicable to the FEI World Cup™ Competition. For CSI-W Events with a Grand Prix Competition in addition to the FEI World Cup™ Competition, the minimum prize money requirements for the Grand Prix apply only to the FEI World Cup™ Competition; the Grand Prix Competition at such Events cannot offer more prize money than the prize money offered for the FEI World Cup™ Competition.
